

## Summary of Changes

### Reviewer #1

#### Comment #1-1

The paper lacks novelty.

**Reply:**

The novelty of the paper is summarized as follows:

- Novelty A
- Novelty B

#### Comment #1-2

More simulations are need to fully evaluate the proposed method. The contributions of the paper is not clear.

**Reply:**

We have carried out extensive simulations based on the reviewer's suggestion. Please refer to Comment #1-1 for the details of our contributions.

### Reviewer #2

#### Comment #2-1

The paper is well-written and can be published with minor changes.

**Reply:**

We have revised the manuscript based on the reviewer's suggestion.
